

OMANSH SRIVASTAVA

Civil Engineering Undergraduate & AI Enthusiast

+91 6306484423 | omanshsrivastava2005@gmail.com | linkedin.com/in/omansh-srivastava | Lucknow, India

EDUCATION

Abdul Kalam Technical University

B.Tech in Civil Engineering

Lucknow, India

2023 – Current

- Current Cumulative Grade Point Average (CGPA): 86.5%

PROJECTS

AI Automated BOQ Generation

Academic Project

2025 – Present

Developing a sophisticated automated system for Bill of Quantities (BOQ) generation powered by semantic analysis of architectural layouts. Seamlessly integrating Civil Engineering analytical workflows with artificial intelligence architectures to maximize spatial layout processing speed and quantitative estimation accuracy.

Design of RCC Foot Over Bridge

Academic Project

2024

Engineered a reinforced concrete (RCC) foot over bridge framework designed to ensure absolute code compliance regarding structural safety, ultimate limit states, and structural stability. Executed intensive structural engineering load analysis modeling and geometric design optimizations utilizing STAAD.Pro.

EXPERIENCE & EXPOSURE

Civil Design Intern | Software Training

2023 – 2024

- Developed advanced engineering design and drafting technical proficiencies across structural analysis frameworks utilizing AutoCAD and STAAD.Pro software configurations.

Field Exposure | Industry Visits & Seminars

2023 – Present

- Supervised and analyzed on-site field operations firsthand at high-scale infrastructure developments managed by industry leaders including Adani, L&T, UltraTech, and Excella Kutumb.
- Actively participated in technical engineering symposiums and specialized guest lectures analyzing modern sustainable construction paradigms and green building methodologies.

PUBLICATIONS

Review Paper Presenter | Springer Journal Volume

2026

- Authored, submitted, and formally presented an engineering review paper compiled from original final-year analytical research findings within a peer-reviewed, Springer-indexed publication.

SKILLS

TECHNICAL SKILLS – AutoCAD | STAAD.Pro | ETABS | Python | AI Development | MS Excel | MS Powerpoint

SOFT SKILLS – Professional Communication | Institutional Leadership | Strategic Coordination | Complex Problem Solving

PROFESSIONAL MEMBERSHIPS

- › Active Student Member — American Society of Civil Engineers (ASCE)
- › Institution of Civil Engineers (ICE) | American Concrete Institute (ACI)
- › Institution of Engineers India (IEI) | Indian Concrete Institute (ICI)

LEADERSHIP

Student Council Member | AKTU

2023 – Present

- Voted and elected as the official Class Representative for 3 consecutive academic sessions based on student governance responsibilities.
- Headed the student core planning and logistics committee to execute institutional technical fests, dynamic cultural events, and structural engineering seminars.
