PROJECTS

AI Automated BOQ Generation

Academic Project

2025 - Present

Lucknow, India

- Developing a system for automated Bill of Quantities (BOQ) generation using semantic analysis of architectural layouts.
- Integrating Civil Engineering workflows with AI to optimize layout processing and estimation accuracy.

Design of RCC Foot Over Bridge

Academic Project

2024

- Designed a reinforced concrete (RCC) foot over bridge ensuring safety and structural stability.
- Conducted structural analysis and design optimization utilizing STAAD.Pro.

EXPERIENCE & EXPOSURE

Civil Design Intern

Software Training

2023 - 2024

- Gained technical proficiency in drafting and structural analysis using AutoCAD and STAAD.Pro.

Industry Visits & Seminars

Field Exposure

2023 - Present

- Observed site operations at Adani, L&T, UltraTech, and Excella Kutumb to understand project management and execution.
- Participated in guest lectures on modern sustainable construction practices.

PUBLICATIONS

Review Paper Presenter

Springer Journal

2026

- Authored and presented a review paper based on final year project findings in a Springer-indexed journal.

PROFESSIONAL MEMBERSHIPS

- American Concrete Institute (ACI)
- Institution of Engineers India (IEI)
- Institution of Civil Engineers (ICE)
- American Society of Civil Engineers (ASCE)
- Indian Concrete Institute (ICI)

EDUCATION

B.Tech in Civil Engineering

Abdul Kalam Technical University

2023 - Current

Lucknow, India

- Current CGPA: 87%

Class 12th

City Montessori School

2022 - 2023

- Score: 95.6%

Class 10th

City Montessori School

2020 - 2021

- Score: 97.4%

SKILLS

AutoCAD

STAAD.Pro

ETABS

MS Excel

MS Powerpoint

Python

AI Development

Communication

LEADERSHIP

Student Council Member

AKTU

2023 - Present

- Elected Class Representative for 3 consecutive years.
- Led organizing committee for institutional tech-fests and seminars.

HOBBIES

- Geopolitics:** Global infrastructure trends.
- Deep-Tech:** Emerging technologies.
- Coding:** Automation for civil design.
